PH-1600 SERIES OVERVIEW

# Light, engineered without compromise.

Every Prestige Hyperbaric panel is built around three non-negotiables: clinical-grade irradiance at working distance, color-pure wavelengths from premium dual-chip diodes, and a chassis that belongs in a luxury suite.

From the showroom to the recovery room, the PH-1600 series is engineered for daily, demanding use. Architectural finishes. Whisper-quiet thermal management. Touch-perfect controls.
